Kregel Publications,U.S. Paperback / softback. Book Condition: new. BRAND NEW, Interpreting the Historical Books: An Exegetical Handbook, Robert B Chisholm, David M Howard, The Old Testament displays a remarkable literary and theological unity through a variety of genres. But applying a single, one-size-fits-all method of exegesis can lead to confusion and misunderstanding. A valuable reference tool for students and pastors, the Handbooks for Old Testament Exegesis (HOTE) series provides readers with an enhanced understanding of different Old Testament genres and strategies for interpretation. The inaugural volume in the HOTE series, Interpreting the Historical Books begins by exploring the components of narrative-setting, characterization, and plot-and then develops the major theological themes in each of the Old Testament historical books (Joshua, Judges, Ruth, 1-2 Samuel, 1-2 Kings, 1-2 Chronicles, Ezra, Nehemiah, and Esther). As readers work through Interpreting the Historical Books, they will begin to see and interpret the narrative writings as the writings were intended to be understood. A glossary defining technical words and samples of moving from exegesis to proclamation make this handbook practical and user-friendly. All written by accomplished teacher-scholars at leading evangelical schools, forthcoming handbooks include the following: Interpreting the Psalms Mark D. Futato (Reformed Theological Seminary, Orlando)...
