RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 62 pages. Original publisher: Washington, D. C. (P. O. Box 37050, Washington 20013) : U. S. General Accounting Office, 1996. OCLC Number: (OCoLC)37420095 Subject: Logistics. Excerpt: . . . Chapter 1 Introduction To identify potential duplication of functions among the various organizational levels, we analyzed functional, process, and support tasks according to roles and mission statements and conducted extensive headquarters and field level data collection interviews and discussions to categorize functions, processes, and tasks as hands-on, transportation information process support, and or administrative management. We performed the same analyses to identify whether tasks being performed at various locations had to be performed at those specific locations. To determine whether any actions are necessary to ensure a successful reengineering of defense transportation that will improve efficiency and USTRANSCOM and Office of reduce costs, we reviewed data and reports on the Secretary of Defense reengineering efforts, plans, and status; reviewed and analyzed reports regarding successful reengineering techniques and guidelines for assessing reengineering efforts; contacted and interviewed various defense transportation system commercial cargo carriers and customers, including representatives of the U. S. European Command, the U. S. Air Force-Europe, the U....
