

Crush Depth Alert: Solutions for Supplying Power to America s Distressed Financial Systems

Filesize: 4.76 MB

Reviews

A whole new eBook with an all new standpoint. It is actually rally fascinating throgh reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).

(Claire Bartell)

CRUSH DEPTH ALERT: SOLUTIONS FOR SUPPLYING POWER TO AMERICA S DISTRESSED FINANCIAL SYSTEMS

Fourth Lloyd Productions, United States, 2010. Paperback. Book Condition: New. 224 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****.In Crush Depth Alert a true insider gives the reader the real factors that led America into the Greatest Recession Since the Great Depression (GRSGD). Concise, easy to understand data analysis takes the reader into the heart of darkness where privately owned Government Sponsored Enterprises (GSEs) called Fannie Mae and Freddie Mac purchase products from their own portfolios and further supplement that policy by continuously lowering mortgage rates, placing the country at risk. Overlooking reasonable fiduciary standards in their underwriting systems, the GSEs and big banks encouraged American homeowners to increase mortgage debt well above the rate of America s economic GNP growth. Author, James Boswell, looks at public FDIC figures only to find that banks did not need a government TARP bailout. The figures show that they were simply short on cash and did not want to sell assets at bottom line prices. Boswell illustrates the consequences as a crush depth alert, providing a parallel analogy that the United States is the USS United States , a nuclear submarine experiencing flooding in the engine room . Boswell says every system and operation on a submarine has to work efficiently to support mission objectives. One weak valve can scam the reactor and take the ship down. The stresses placed on the housing sector of the economy weakened it as an engine valve that provides power to the economy and individual homeowners. Boswell s concern is that this is not the only weak valve. He sounds the alert that without action the USS United States risks reaching crush depth, a point of no return to the surface. Understanding the problem is just the beginning. Boswell is out...
